

FIGHTING WHILE KAISER DEBATES

KAISER REFUSES TO LET "MAX" GO

(By Associated Press)
Copenhagen, Nov. 9.—Emperor William has not yet accepted the resignation of Prince Max of Baden, the German Imperial Chancellor, according to a Berlin message today. The Emperor has been thoroughly informed by the Chancellor regarding the general situation, the measure at stake, and has asked Prince Max to continue holding the office until the Emperor's final decision is reached.

BOSTON WILL BE "LIT UP" WHEN PEACE COMES

(By Associated Press)
Boston, Nov. 9.—Twenty-five tons of red fire was placed at the disposal of the city of Boston today to be set off when official word comes that the armistice between Germany and the allies has been signed. The lot consists of 30,000 sticks such as are used for railroad signaling.

BRITISH TAKE LAST GERMAN STRONGHOLD

(By Associated Press)
Washington, Nov. 9.—Capture of Maubeuge by the British, Gen. March said today, marks the definite severance of the last German artery to that sector of the west front and will make it impossible for the enemy to shift his forces to meet a new attack.

Washington, Nov. 9.—Summarizing the allied successes since the inauguration of the forward movement, Gen. March pointed out that the Germans had been driven 64 miles further from Paris and the territory they occupied in France has been reduced from 10,000 square miles to less than 2500. The American first army under Gen. Pershing has advanced 30 miles in the last eight days. The Chief of Staff made the statement that the American army will be in France for some time even when peace is declared.

British Take Only Remaining Strong Hold In Flanders.—Armistice Terms Now in Hands of High German Command.—Decision Not Expected Before Monday

SOME OF THE CANDIDATES ELIMINATED

Others Given Rating in the Fight for Postmaster.

While some headway has been made in the selection of one of the several candidates for postmaster, those left in the fight are still guessing. It is understood that all but four names were eliminated by the civil service commission owing to business qualification etc., and that those left have been given a rating by the commission and have been notified of their standing. The names of those having a chance are now said to be in the hands of the President for selection and will be sent to the senate within a short time. The President will select one of three but the lucky man will not be known until his name is forwarded to the senate for confirmation.

WANTED—An experienced woman for general housework. Write F. R. S., this office.

(By Associated Press)
While the German government is considering the allied armistice terms, the British, French and American armies are carrying on successfully the task of freeing French soil from the invader. On the north the British have practically driven the Germans back into Belgium in the region between Maubeuge and Mons. In Belgium where the British hold part of Tournai Field Marshal Haig's men have crossed the river on a nine mile front north of Tournai. Gen. Delain's armies which hold the center of the allied advance, continue their march

toward the Belgian frontier. The French have driven the Germans from nearly all the natural defenses west of the Franco-Belgian frontier and if their advance maintains the pace of the last two days, the French should reach the frontier at some point before daylight. East of the Meuse on the allied right the American troops are advancing toward Montmedy and the Boley iron fields. Farther north toward Sedan there has been only artillery and machine gun fighting. Reports from Germany are that the revolutionary movement continues to spread, especially in the northwest.

UPRISING SPREADING IN GERMANY

(By Associated Press)
Copenhagen, Nov. 9.—The uprising in northwestern Germany according to the only direct news from Germany early today is reported to have spread to Hanover, Oldenburg and other cities. Generally the revolt is not attended by serious disturbances. Reports from the Danish border town of Vaerup say that all is quiet in Schleswig but that further disturbances have occurred in Hamburg.

YANKS STILL HAMMERING AROUND SEDAN

(By Associated Press)
American Army on the Sedan Front, Nov. 9.—The American army east of the Meuse continued to advance today despite strong machine gun resistance. The Americans went ahead in this region both north and south of Danville. Along the line of the Meuse on the front from Sassey to Maubourc last night was marked by artillery and machine gun fighting.

DRIVE TO AID ENLISTED MEN OVERSEAS

Along with the big war work drive for funds which is to be carried on next week for the men in blue and khaki is another confined to the army and navy its purpose being to raise a fund of three million dollars over and above the goal set for the big drive, this amount to be used entirely for men serving in France. The contributions are to come from enlisted men in this country for the benefit of men in the service overseas.

Rev. Percy Warren Caswell, pastor of the Court Street Christian church, has been chosen as campaign manager for this section in the interest of the cause, and he will be assisted by a committee, including a representative from the navy yard and forts.

Rev. Mr. Caswell visited Fort Porter last evening and after the moving picture show talked to the soldiers, explaining the idea of the drive. This evening he goes to Fort Constitution for the same purpose. The men showed much interest in the raising of funds for the fighters in France and all seemed ready to do their bit in this undertaking.

APPOINTED TO WAR BOARD

Acting on instructions from Washington, Stuart W. Webb, Regional Advisor of the War Industries Board to the New England district, has effected coordination of all Federal agencies in Boston in order to broaden New England's contribution to whatever industrial program the Government decides upon.

This coordination has been established through the formation of the War Board for Region No. 1 of the War Industries Board, and Mr. Webb is chairman of the new organization. In addition to the heads of Government departments in this section, the members comprise representatives of all state councils of defense in Region No. 1 and President Henry E. Harriman of the Boston Chamber of Commerce, who is chairman of the War Resources Committee, representing the manufacturers in this region.

The first meeting of the board was held at the new offices of the Regional Advisor at 145 Washington St., Boston. While primarily designed to speed up the industrial wheels of New England for whatever war work the Government might need, this board will probably play an important part in the after-war program. It is expected the War Industries Board will be utilized as one of the "reconstruction" agencies, the new War Board will probably be assigned to direct the industrial readjustment in New England and to assist the manufacturing and other industries affected by the war to return to peace pursuits, with as little confusion as possible.

The other members of the War Board are Commodore H. T. Walling, Naval Inspector of engineering material; Col. A. W. Yates, depot quartermaster; James H. Hustis, district director of the Railroad Administration; Levi H. Greenwood and C. A. Sakendorph of the district ordinance office; Frederic H. Curtis, chairman of Capital Issues Committee; Harold L. Bond, district manager of the Emergency Fleet Corporation; A. C. Hatchesky, assistant Massachusetts food administrator; James J. Storvick, New England Fuel Administrator; Harold M. Sewall, chairman of the Maine Public Safety Committee; Capt. George H. Webb, director of the Rhode Island State Council of Defense; Joseph G. Brown, chairman of the Vermont Public Safety Committee; and John B. Johnson, chairman of the New Hampshire Public Safety Committee.

NEW CHURCHES AMONG THE NON-ESSENTIALS

Ruling of War Industries Board Also Names Schoolhouses

The War Industries Board made public a list of 17 types of non-war construction projects which it holds most easily can be postponed for the period of the war. They are:

- Churches.
- Schoolhouses.
- Hotels.
- Office buildings.
- Bank buildings.
- Public buildings.
- Moving picture houses.
- Theatres and other amusement places.
- Apartment buildings.
- New car factories, mills, etc.
- Commercial enterprises.
- Store buildings.
- Gas and electric light plants.
- Grain elevators.
- Water works improvements.
- Sewerage systems.
- Garages and gasoline stations.
- Sidewalks.
- Park improvements.

"It is imperative," said the War Industries board's announcement, "that there should not be the slightest slackening in the work of war industries."

State councils of defense, which are charged with seeing that all local applications for new construction, were informed that "so long as the need of labor in war industries, that, even though the most pressing local requirements and cheerfully postpone new projects for the present."

ARMISTICE TERMS NOW IN HANDS OF GERMAN HIGH COMMAND

Reply Expected by Mon- day Morning

(By Associated Press)

The terms of the Eusebio Allen order which Germany may secure an armistice have been handed the German delegation at French Army headquarters, a little village in the department of the Aisne and a German carrier is now speeding back to Spa, the German headquarters in Belgium, with the document.

Seventy-two hours, or until Monday morning, has been given the Germans to accept or reject the stipulations. Emperor William is said to be at Spa awaiting the terms of the armistice. The German delegation is said to have endeavored to secure provisional suspension of hostilities but this was refused by Marshal Foch.

Notwithstanding the fact that the abdication of Emperor William will probably be made a part of the peace terms with the renunciation of the throne by the Crown Prince, and that the majority party in Germany has also demanded it, the Emperor refused to give up his throne, according to a German wireless picked up today. Meanwhile the revolt is in the air and the red flag is flying. A republic has been declared in Bavaria and in addition to Kell and Hamburg, Schleswig and Bremen are in turmoil. Prince Henry of Prussia, commander-in-chief

of the fleet, is reported to have fled to Heligoland.

On the battle front the Germans everywhere are being driven back to their border. The British have entered Tournai, a very important railroad center in Belgium, and they are across the Scheldt in several places. South of Valenciennes the British have taken Avesnes, another important railroad center, and are pushing steadily on Maubeuge.

The French again have cut deep into the enemy line and have advanced to Liart, twenty miles north of Bethune, and are nearing Metz. The taking of this town leaves only one railroad in this part of France over which the enemy move troops and this is at Arras, which is being daily brought nearer and part of which line is already dominated by the French guns.

Eastward the French are still driving north and have joined hands with the Americans in Sedan.

Friday saw little infantry fighting between the German and American west of the Meuse, but there was a heavy artillery bombardment. East of the river the Americans cleared out several strongholds of the enemy. It is reported that the roads from Sedan, Tournai, Comans and Longuyon leading to Metz are congested with retreating troops.

GERMAN SUB CREWS JOIN REVOLT

London, Nov. 8.—The greater part of the submarine crews in all the German naval harbors have joined the revolution, according to an Exchange Telegraph dispatch from Copenhagen. Kiel is governed by the marines, sailors and workers council. All the workshops have been occupied by Red troops. The street car lines and railways are under the control of the workers' council. There have been no disturbances.

After a conference between Secretary of State Haussman and Deputy Noske and the workers and soldiers' council, the following proclamation was issued:

"Comrades: For the first time political power is in the hands of the soldiers. Great work lies before us.

"But in order that its realization can take place the organization of our movement was necessary. We have formed a council of workers and soldiers and it will be responsible for the preservation of order."

STRENGTHENS KIDNEYS— PURIFIES BLOOD

You can't expect weak kidneys to keep up under the terrible strain of nature's effort to filter the acids and poisons out of the system unless they are given a little help. Don't allow your kidneys, the most overworked organs of your body, to become diseased when a little attention now will prevent it. Don't try to cheat nature. It can't be done.

As soon as you commence to have backache, feel nervous, tired or worn out without cause, GET BUSY. These are usually warnings that your kidneys are not working properly and throwing off the poisons as they should.

Do not delay a minute. Go after the cause of your ailments or you may find yourself in the grip of an incurable disease. GOLD MEDAL Hamlet Oil Capsules will give almost immediate relief from kidney troubles, which may be the unsuspected cause of ill health. GOLD MEDAL Hamlet Oil Capsules will do the work. They are the pure original Hamlet Oil Capsules imported direct from the laboratories in Hamlet, Holland. Ask your druggist for GOLD MEDAL and accept no substitutes. Look for the name GOLD MEDAL on every box. Three sizes, sealed packages. Money refunded if they do not help you.

BIG BOOSTER MEETING AT MANCHESTER

The Queen City will be the scene of some big doings today when the leading manufacturers and business men of the state gather there to boost New Hampshire. The meeting will be held under the auspices of the New Hampshire Manufacturers' Association.

Numerous committee meetings are scheduled for the day. They will be held in different places, at the Derry field club, New Manchester house, board of commerce quarters, Calumet club and other places, each one being of great importance. The results of all meetings will be reported to a general assembly in the armory at 2 o'clock. Then follows the serving at 3:30 o'clock of an old-fashioned harvest supper at which all "covers" will be laid. The succession of events concludes with the meeting and speech making at 7 o'clock.

In arranging the convention program the association has taken the pains to bring men prominent in their respective endeavors to Manchester. The needs of New Hampshire, especially from the angle of preparation for the homecoming of the soldiers, are certain to be carefully weighed. The unemployment which may follow the war and the conversion of munition industries into those of peace, are set down as among the many problems to be discussed.

E. P. Carney, of the ports and harbors facilities commission of the United States Shipping board, or a representative, will be here to speak before the meeting of the port and harbor development committee. L. H. Shattuck, chairman, which will be held at the office of L. H. Shattuck Inc. on Granite street. This is put down as one of the most important sessions of the day.

George H. Leighton of New York, president of the Love Star Shipbuilding company of Texas, will address the meeting of the state water powers committee of the New Hampshire Manufacturers' association. This will be held in the New Manchester house at 10:30 o'clock, the same hour as the other committee meetings of the day.

The food production and distribution committee, which has Hamlet N. Spaulding, New Hampshire food administrator as a member, plans big doings, meeting at the Derryfield club assembly. C. H. White, manager of the Eastern States Agriculture and Industrial League, and Harold Selby, manager of the farmers' exchange of Massachusetts will be speakers at this assembly. C. H. Whitten, manager of the state of Maine agriculture and industrial league and W. G. Hanton of Portland, Me., acting for the railroad administration, are both assigned to address committee meetings during the day regarding agricultural development and transportation facilities in this section.

The Highway Transportation committee, W. C. Spear, sub-regional chairman for New Hampshire, will assemble at the Derryfield club after hearing an address by J. Randolph Coolidge of Boston. New England regional adviser for the highway transportation service in the National Council of Defense, Mr. Coolidge is a former president of the Boston chamber of commerce, and is a speaker provided by the Manufacturers' association for the state board of trade meeting.

WANT BERGER KEPT OUT OF CONGRESS

Washington, Nov. 8.—Shall Victor Berger be permitted to take his seat in Congress? The Socialist congressman-elect from Wisconsin is under indictment on the charge of violating the espionage act in helping men to resist the draft law. A movement is on foot to exclude Berger or at least to prevent him from taking his seat until the court has decided whether he is guilty of sedition. The trial may occur before the assembling of the Sixty-Sixth Congress, nevertheless precedents are believed to exist for excluding Berger from Congress altogether as a disloyalist.

WRESTLING MATCH NOT EXCITING

Zyzsko, the heavyweight wrestler gave an exhibition match with Karl Lento at Freeman's hall on Friday evening. He was scheduled to meet Demitris Tofan but he failed to appear and the other man was substituted. The crowd did not take kindly to the match and booed the champion several times.

"JUST TERMS" AS HUN SAW THEM AT SEDAN IN 1871.

The negotiations between the commander of the French armies and Gen. von Moltke were held at Donchery during the night between Sept. 1 and 2. The Germans were forced to con-

cede that they must not forgo the advantage gained over so powerful an enemy as France. When it was remembered that the French had regarded the victory of German arms over other antipathies in the light of an insult any acts of ultimate generosity might lead them to forget their own defeat. The only course to pursue was to insist upon the disarmament and detention of the entire army, but officers were to be free on parole.

Gen. von Wimpffen declared it impossible to accept such hard conditions. The negotiations were broken off and the French officers returned to Sedan at 1 o'clock. Before their departure they were given to understand that unless the terms were agreed to by 9 o'clock the next morning the bombardment would be renewed. The capitulation was signed by Gen. von Wimpffen on the morning of the 2d, further resistance being obviously impossible.

HIGH SCHOOL TO PLAY DUMMER

The High school football team will play the Dummer Academy team at Lyfield this afternoon. The team have since their defeat on Saturday last at Concord, buckled down to work and this week they showed a big improvement. There is also a much greater school spirit and the team is now getting the united support of the school and a drive for Athletic Club membership this week looked like old time interest.

MARINES TO PLAY DARTMOUTH

The Marine football team from the Navy yard here to improve this morning where they will play the Dartmouth team this afternoon. The game was arranged on Saturday and the Marine team, glad to get a game, immediately when their acceptance.

The Marines have a good team at the yard and they are hard up for games. They had hoped that with the large number of men at Port Constitution they would get a few games with the soldiers but they have not even organized a football team there.

It was the same with the Shattuck shipyard. It was reported that they would have a team something like their baseball team, but for some reason this has fallen through and the Marines as a result are looking for games. They want them with any team and will pay expenses to bring any team here. They are in hopes of meeting the Camp Devens team and also the Port McKinley team of Port land.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for salomel, for constipation, for skin eruptions, for pimples, for any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which salomel does and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 40c and 25c per box. All druggists.

The Care of the Men.

One thing for the parents and friends of the soldiers to be especially thankful for is the splendid medical care the men have had at home and abroad. In the matter of clothing and rations and such comforts as can be provided for men in the service everything possible has been done. The work of the authorities has been supplemented by the Red Cross, the Y. M. C. A., the Salvation Army, Knights of Columbus and other organizations, and never before in the history of warfare have armies and navies fared so well as the men in the United States service today.

And in addition to all this everything made possible by science, abundant means and a willingness on the part of the best medical men and trained nurses to do their part have resulted in better care of the sick and wounded than was ever possible in any previous war. The soldiers and sailors have had the best, as the low rate of mortality among them amply attests.

Maj. Gen. Merrill W. Ireland, who went to France with General Pershing as head of the medical department of the American expeditionary forces, and who has just returned to the United States to succeed Maj. Gen. William C. Gorgas as surgeon general of the United States army, had something important to say on this subject a few days ago. He declared the standard of the medical care given the American soldiers is the highest in the world. He said that at the present time only 43 men in 1,000, including the wounded, are ill. This is a surprising and highly gratifying record. General Ireland said that notwithstanding the heavy fighting in which the Americans have been engaged the medical force has been able to handle all cases engaging its attention, and that when he left the front for home there were vacant beds in the military hospitals in France. For the excellent conditions he gives a share of the credit to the men themselves, who he says constitute "the finest army ever drawn together for victory."

This is indeed a condition to be thankful for and proud of. The country has sent its best to the front to engage in the terrible work of war, but it has not subjected them to neglect. It has done and is doing for their comfort and safety all that lies within human power to do, and when the end comes and the men return home there will be no opening for censure or regret with reference to the care they have had.

In the midst of the excitement attending the thrilling movements along the battle fronts these matters receive less attention than they deserve, except from those directly concerned, but after the storm is over and the people have time to survey calmly the facts pertaining to the mighty conflict, the care the men in the service had while at the front will constitute a proud chapter in the history of the war.

The war industries board has given out a list of what it calls non-war construction projects, and in the list schoolhouses are included. This seems like stretching restriction to the danger point. The average citizen believes, and rightly, that where a schoolhouse is needed it should be built, war or no war.

The Associated Press is usually right, and it certainly is when it says that "the element of softness is absent from the terms on which Germany may have peace." But under all the circumstances easy terms could hardly be expected, even by those who will be obliged to accept them.

The Food Administration calls upon the people to use home products for their Thanksgiving dinners this year in order to save transportation. But the probability is that there will be some things on the tables that were not grown on the home farms or in the war gardens.

The siren whistles erected in New York city some time ago to give warning of the approach of air raids are now being used to celebrate the good news from across the water. Conditions have changed in the last few months.

It costs 50 cents a day per man to feed the soldiers now, while the cost at the time of the Civil War was only 13 cents. But it is proper to add that the burden now is not felt so severely as it was back in the sixties.

Secretary of War Baker denies the report that troop shipments to France have been stopped and that large contracts for war supplies have been canceled. Not yet, but soon.

Germany has been referred to Marshal Foch, who has already convinced her and the rest of the world that he knows his business.

The Republicans of the state have reason to be well satisfied with the outcome of the election.

PEOPLE'S OPINIONS

Why Not Some Music

Editor:—I notice that the Atlantic Corporation has been playing out of town on several occasions and its latest call is Manchester today.

Portsmouth has not heard much of this excellent organization and is hardly acquainted with the band. Why not arrange to have the band assist in the opening of the big war fund drive which opens on Monday next. It certainly would add some pep to the drive and a good start means everything.

THE HERALD HEARS

That \$175,000 pay roll for six days' work at the navy yard is some money for wages.

That the new lights at the B. & M. depot will fill a long felt want.

That the popular trees once the beauty features of the cemetery on Maplewood avenue, are not ready for the axe.

That the Keystone Club president says his organization is not yet out of the map.

That the police were called to Junken avenue and vicinity on Friday evening where a man was reported acting in a queer manner, causing much fright to women.

That he completely disappeared when the officers arrived and an hour's hunt failed to get a line on him.

That the Portsmouth Lodge of Elks expect to get back in their home on Sunday.

That the limb of a tree scraped the side of one of the New Castle Bins on Friday evening and gave the passengers a fright when a few panes of glass were smashed.

That the first jury trial in the superior court for the October term is expected to be heard on Monday.

That the several claim standstill along the Merrimack at Newburyport have got to go by order of the city government.

That the junk sale at the navy yard on Nov. 19 will not go begging for bidders with the prices at the present.

That the people of Berlin, N. H., appear to like the name, at least a majority of them made that known on election day.

That the vote to retain the name was 933 to 556 for the proposed name of Maynesboro, the old name before it was made a city.

That Andrew Killeen, the oldest member of the school board at Dover, has retired from that body.

That he has served in this capacity for 18 years with a good record.

That the work on the new government houses at Kittery, which only recently started, has been held up by some authority.

That only the government inspectors are on the job at present.

NAVY YARD NOTES

Again in the Harness.

Rear Admiral Albert S. Snow formerly commandant of the Charlestown yard, but who is now on the retired list, has been recalled to active duty for a short time, and has taken up his duties as president of the general court-martial.

Half Day's Pay Will Do It.

Every officer, enlisted personnel and workman at the Charlestown yard will be given the opportunity of subscribing half a day's pay in the drive for the united war work campaign. Miss Marie George, chief yeomaness, will be in charge of soliciting subscriptions. All funds received will be turned over to Arthur P. Cacey, postmaster of the yard.

In New Quarters.

Part of the Marine Guard of the yard has been transferred to the new barracks erected recently near the Naval Prison grounds.

PEN SKETCHES AND PICTURES.

The pictures in today's Herald are of Paul B. and John H. McCarthy, sons of the late John H. and Margaret A. McCarthy, two well known and popular local young men who are in France doing their part in the war for democracy. They arrived in France early in November 1917. At the time of their enlistment they were students at Georgetown University in Washington, D. C. They are members of the local lodge of Elks and have

PAUL B. MCCARTHY

hosts of friends in this, their home city. These pictures were taken soon after their arrival in France.

John H. McCarthy is now an ordnance sergeant of the Corps of which he is a member and Paul B. McCarthy has been promoted to a sergeant, 1st Class.

The following is an extract from a letter written in France on Oct. 15, by Sergeant Paul B. McCarthy and recently received by his cousin, Mrs. John J. Smart of 16 Manning Place, this city:

"My dear Cousin:
 'I have been so busy lately that I have time to write a letter was a real luxury. First of all I had my seven days leave and spent them at the St. Malo Leave Area on the north coast of Brittany, and which includes the towns of St. Malo, St. Servan, Dinard and Paramere, all wonderful summer resorts. We were sent to Paramere and it was a town just full of summer people; our hotel was a real one, and believe we sure enjoyed ourselves. Just think, a real bed to once more sleep

prison is getting the glad hand from his comrades on the arrival of a daughter at the family home on Islington street.

Few Days in Portland.

Lieut. Austin McCormick executive officer of the naval prison, is passing a few days in Portland.

Tickets Are Out.

The tickets for the Organized Charities ball under the auspices of the yard Supply Department are out today and the yearlings became busy at once in the sale of the same. They are reported to have made a most gratifying start.

IT IS A PLEASURE TO SERVE.

On Thursday afternoon every telephone line into the Herald office and there are three of them) were kept from noon till long into the evening with questions about the armistice and peace terms being aligned.

The office and editorial staff were able to deny on the authority of Secretary Lansing that there was no truth in the report that the armistice had been signed. The Herald is glad to render this service as it did to the public on election eve. It being the only paper in this section of New England to give the news by phone. It kept an extra force on duty at the telephone exchange to do this. The word "Service" is what the Herald tries to keep alive and intimate to the best of its ability and so it is that the citizens of Portsmouth ring up the Herald, which with its great and exclusive Associated Press News Service it is in instant touch with the whole world. The Herald tries to serve Portsmouth and vicinity all the time.

SERVING Y. M. C. A.

S. Ralph Walkingsalek of Syracuse, N. Y., a former popular Dartmouth College student and athlete, one of two American Indians sent overseas by the Y. M. C. A., has now gone to Egypt with the British forces. He has numerous acquaintances in this city, where he has given talks at the North Church chapel and the Y. M. C. A. He was a special friend of Russell and Lester Leavitt and visited their home in this city. The other Indian sent over by the Y. M. C. A. is Leander Newton Gunsworth of Davenport, Ia., who has volunteered to go with the Indian troops in the American army.

TO SPEAK AT FORTS.

Rev. J. W. Flagg of Rye will speak at the religious meetings held at the Y. M. C. A. huts at the forts at New Castle on Sunday evening.

In, the first for a year, a man to serve your men; no calls to answer; come and go when you please! I'll say even though we are soldiers, that the seven days spent there were the best since joining this army. We made numerous side trips, which are conducted by the Y. M. C. A. and this organization surely deserves a large amount of praise for the splendid way in which it assists us boys.

On our way back we stopped in Paris, the first time I have been there, and we certainly enjoyed all the sights. The city at night is pitch dark on account of air raids, but it is still the gay city you hear so much about.

Two days after I was back who came in here for an examination for the highest non-commissioned rank in our Corps but brother John. He surely looked fine, and passed O. K. and is now one of the high ranking non-commissioned officers of the Army. He likes his new station real well and

JOHN H. MCCARTHY

should be going up for a Commission soon. He out-ranks me by one grade, being an Ordnance Sergeant.

Well, the German Peace Note was sure a joke. President Wilson certainly answered them direct from the shoulder but our opinion is that it is a short war from now on, and we think that peace will be with us by Jan. 1st, 1919.

Hoping to hear from you all soon, and with the best of wishes and kind remembrances to all.

As over,

CITIES OF STATE KEEP UP THE POPULATION

Many Towns of New Hampshire Have Shown a Decrease.

The New Hampshire Manufacturers' Association is sending out circulars throughout the state this week in connection with its industrial convention to be held in Manchester, Nov. 9, and one of the circulars is attracting considerable attention. The subject dealt with is the decrease in population in many towns and cities of the state, as is shown by the census of 1910.

"The Town of Alton, with a population of 1573 in 1890 and only 1448 twenty years later, is given as a striking example. The population has likewise fallen off in many other communities, among which are the towns of Bartlett, Brookfield, Eaton, Marlow, Chesterfield, Alstead. But these are only a few from the astonishing large number. Out of 25 towns in the state, 21 have fallen off in population in the period of 20 years.

"If it were not for an increase in 10 of our cities," it is explained in the circular, "the state population would show a loss in 20 years of over 3000."

CHANGE IN HOUSING PLANS AT ATLANTIC.

The housing project at Atlantic Heights will be changed from original plans by the introduction of some large huts instead of small double houses. They will be large single houses.

WHY WAS WORK HELD UP?

There is some uneasiness over the stopping of work on the Kittery housing proposition. From every available source, the Herald understands that it is only temporary.

SUNDAY OR NIGHT WORK IS STOPPED

Some time next week the L. H. Shattuck shipyard will start on an eight hour basis with no night or Sunday work. The night force will join the day gang and this will be especially pleasing to the several thousand workmen. The men at this yard have been working under high pressure for a year and many of the men have been obliged to loaf owing to the long hours. Under the new working hours speed will count and every effort will be made to rush the ships now on the ways so that new vessels can be laid down. The same hours will apply at all government navy yards and it gives the workmen a chance to improve their velocity and at the same time have sufficient time for recreation. Mr. Shattuck has promised all yards more contracts on a basis of their standing.

LOW COST FOR GOVERNMENT INSURANCE

(By Associated Press)
 Chicago, Nov. 9.—It has cost the Government only \$1,600,000 to write \$26,250,000 of insurance on the lives of soldiers and sailors within the last year according to Thos. P. Love, Assistant Secretary of the Treasury, who delivered an address today before the Association of Life Agency Officers.

HELP RED CROSS KNIT SWEATERS FOR SOLDIERS

The Red Cross knitting committee will meet on Monday from 2 to 5 p. m. in the North Church parish lounge on Middle street. It is hoped that on the following Thursday the meeting will be held in the Elks' Home on Pleasant street. Two hundred sweaters was the allotment for the Red Cross to supply by Nov. 15 but the people have not responded well and it looks as if it will be impossible to have the work done right away. It does seem a shame that with all American boys in the thick of the fight this appeal to knit sweaters is not answered by more local people. The yarn is ready for anyone who will call on the Red Cross for it to make sweaters for the men over there. Now is the time we at home are buying warm clothing and we should think of the soldiers overseas who need to be kept warm. Who will volunteer to make a sweater to help keep a soldier warm and that this allotment may soon be finished and be sent off?

ARMISTICE DOESN'T MEAN END OF WAR SAYS MAJ. GEN. WOOD.

Camp Funston, Kan., Nov. 9.—Major General Leonard Wood today posted the following statement addressed to men of the Tenth division:

"Even if an armistice is signed, it does not mean the end of the war. It simply means that the terms of peace will be discussed. They may or may not be agreed upon. The work and training of the division will go on with the same energy and spirit as heretofore.

"There is nothing in the present situation which justifies a change of procedure on our part, and as soldiers it is our duty to carry on without reference to an armistice until we receive instructions to the contrary."

CHRISTMAS STICKERS.

Have you seen the "Shop and Shop Early" Christmas stickers? They are given out at a number of the local stores to be placed on Christmas packages. They are of white paper with a red top and lettered in blue as follows: "Don't Open Before Christmas. This is a 'Shop and Shop Early' Christmas package. This package was shipped early to help our government prevent congestion later."

SOME UGLY RUMORS ARE CIRCULATED

Just why certain people in Portsmouth will spread stories concerning the standing of some of our industries—when they could easily prove them false by simply inquiring—is beyond the comprehension of loyal citizens. So persistent have these stories been that they are now being probed by the Secret Service in an effort to run down those responsible. No German propagandist could do greater injury than these false stories might do. Portsmouth will suffer by starting such yarns and it is certainly unfortunate. The Herald hopes to be able to publish some interesting facts concerning this latest drive.

THE DOLLAR CHRISTMAS

To the Editor:
Dear Sir,

On the eve of Belgium's deliverance there is a danger lest we forget that the sufferings of five million people wholly dependent upon aid from the allied governments for their daily continue and will not terminate until some semblance of restoration has been accomplished. Long before the United States entered the war the Dollar Christmas Fund was the means of bringing hope and comfort to the destitute Belgian children at a time when hope and comfort were badly needed. There are 1,500,000 such children and thanks to American support given during the Christmas season we have been able to bring a ray of sunshine to all the most necessitous cases—the poorest of the poor, the orphans, the sick and the suffering. The inspiration of the day has lent a spiritual meaning to our help far in excess of the cost of buying the Christmas dinners which we have spent over \$250,000 dollars in four successive Christmas seasons.

The Dollar Christmas Fund transmits its annual collection to the Commission for Relief in Belgium which has the necessary machinery for purchase and distribution among the children in Belgium and today as Treasurer of the Fund I make my fifth annual appeal—and by the grace of God the last—to the generosity of the American people. There are still some food supplies in Belgium which can be bought by agents of the Commission for Relief and with these supplies we hope to be able to give every necessitous child an extra meal on Christmas Day.

If Americans could read some of the heartfelt expressions of pathetic gratitude to "les Américains généreux" from thousands of children in Belgium which have somehow reached me the tragedy of the Belgian child during the past four years would be fully realized and your purse strings would be untied.

Special arrangements have been made to cable the fund to Brussels on Christmas Eve in time to be distributed on Christmas Day and any sums addressed to me as Treasurer of the Dollar Christmas Fund, care of Henry Clews and Co., Bankers, Broadway, New York, will be gratefully acknowledged. Our representative Committee of former years has been honored this year by the addition of His Excellency the Belgian Minister at Washington, Baron E. de Cartier who joins with us in begging you not to forget the Belgian children this Xmas. They need your help and Christian sympathy as much as ever. Help us cable on Christmas Eve a sum worthy of the United States.

RELAXATION OF LIGHTING ORDER

Washington, Nov. 8.—Partial relaxation in eastern states of the restrictions against the use of fuel generated lighting, effective next Monday was announced tonight by Fuel Administrator Garfield.

In New England, New York, Pennsylvania, New Jersey, Delaware, Minnesota, Michigan Ohio and the District of Columbia store and shop windows may remain lighted when the establishments are open and are required to be dark on "lightless nights" only if the places are closed.

In Maryland, New England and the District of Columbia, however, use of fuel-generated light for illumination, signs, ornamentation or window display when the stores are closed still is forbidden, while in Michigan and Ohio and any other state where the federal administration so directs the use of such light must be absolutely discontinued on Mondays and Tuesdays.

POLICE THINK AUTO STOLEN PROPERTY

Queer Numbers on Machine
Let to Man's Arrest Who
Gives Police a Chase.

Andrew Chesick is held at the police headquarters pending an investigation regarding an automobile which lead to his arrest today.

Chesick and another man called at the Colbath garage this morning with a car and requested \$27 worth of work on the same. The proprietor in making an examination noticed what looked like phony numbers and called in the police who found that no such numbers were registered in this state, and placed Chesick under arrest. He claimed the car was given him by another party to have repaired, but he would not give the name of the owner. The police believe the car is stolen property and will hold the car as well as the man.

While on the way to the police station Chesick darted away from Deputy Dicker and did a lively sprint through Penhallow street, Commercial Plaza and Market street. He got as far as Drake's Market where he was caught. Chesick was formerly in the navy and has been going under the name of Flynn.

69 OF EVERY 100 WOMEN VOTED

That 69 out of every 100 women entitled to vote cast their ballot on Tuesday in New York state is the contention of Miss Mary Garrett Hay, leader of the woman suffrage party. This, she says, is remarkable in view of the short campaign, the influenza epidemic, war activities and excitement. Miss Hay expresses the belief that in normal times the percentage of women who register will be much higher.

BREWER EDDY TO SPEAK AT Y.M.C.A. MEETING

Brewer Eddy will be the speaker at the meeting for enlisted men at the Y. M. C. A. on Sunday afternoon and a large audience should be present to hear him. Mr. Eddy was specially commissioned to observe the work of the Red Triangle on the front, in view of the War Work Drive, and he is well fitted to tell of the work of our men in France.

The meeting will be held at five o'clock, opening with the usual prayer service. At its close, a Fellowship lunch will be served.

WRESTLING BOUT FRIDAY NIGHT

A good sized crowd gathered at Freeman's Hall on Friday evening to witness the wrestling match between Zylszko the heavyweight and Tofalor. The latter failed to show up and Karl Lame was substituted and a good bout followed.

Soldier Duhle defeated Jack Alvares in straight falls.

As a Unifying Power to the Nation Music is Welding a Magic Influence

It is making a Union out of many states—a Nation out of many nationalities.

When the Star Spangled Banner sweeps over the country from the Atlantic to the Pacific and a hundred million voices give expression to the same sentiments of loyalty it means one hundred million people are drawing a little closer together.

As the nation needs music, as the army needs it, as the church needs it, so does every human being need it.

Music is a Primary Need in
Every Home.

The Victrola makes it possible for every one to fill this need. There is one to fit everyone's pocketbook and our terms are easy. Drop in and see the different models.

DRYDEN AND BAILEY TO GRAPPLE

There is a great interest in the wrestling match which will be held on Monday evening between Bill Dryden and Farmer Bailey, the strong man of the Shattuck shipyard. Bailey, who is a wrestler with a wide reputation, has been anxious for a match for some time and he is backed by the men at the shipyard to make a win over Dryden.

Bailey is a heavyweight and he will go on the mat with at least 225 pounds weight stored away within his highly developed body, at least fifty pounds more than Dryden, but while this is a big handicap the friends of Dryden expect him to get the decision over the strong man. Bailey, some few years

ago, wrestled and was defeated by Dryden, but since then he has gained a lot of experience and will be a tough customer to get away with.

WAR CONTRACTS TO BE DROPPED GRADUALLY

Washington, Nov. 8.—Chairman Haruch of the War Industry Board, in a statement this evening, said that the contracts for war supplies would not be cancelled immediately on the signing of peace, but will be gradually dropped, so that the industries may get back to their regular work.

URGED TO KEEP UP PEACH STONE SAVINGS

The Gas Defense Division of the Army has sent out an urging through the Red Cross that there must not be any letup in the campaign for peach stones or other fruit and nut stones. They have notified the Red Cross and through the National Council all of the branches that it is very necessary that this campaign be kept alive and that every stone be saved for this work.

Keep saving the stones and give them to any of the school children or leave them at any of the collecting agencies. They are needed or the government would not ask for them.

Col. H. C. Taylor of the Portsmouth Chapter on Friday evening received a telegram from the Division headquarters urging him to see that his committee continued their work, and the word is passed along to the people.

Amsterdam, Nov. 8.—Telegraphic communication between Amsterdam, Berlin, Lübeck, Bremen and Hamburg has been stopped at the orders of the Berlin authorities. A report is current that there has been disturbances at Essen, the great coal-mining center.

DOVER

Dover, Nov. 8.—The Dover, Somersworth and Rochester Street Railway company has just filed with the New Hampshire public service commission a new fare schedule which it proposes to put into effect Dec. 1. The new schedule provides for an entirely new system. Five cents will be made the fare but except for a few sections on the Rochester line, where the fare will remain six cents. Entirely new zones have been made out, however, by means of which regular short distance riders in any one of the three cities will be able to travel for nickel or six cents, but the long distance riders will be made to pay extra amounts.

There are two fare zones between Central Park and the end of the line in Somersworth, thus making the fare between Dover and Somersworth 20 cents or eight cents more than is now charged. There are three zones between Central Park and Rochester, making the fare between either Dover, Somersworth and Rochester 24 cents. School tickets will be sold at half price. A special ticket for regular riders between points in consecutive zones has been prepared, however, making it possible to buy 10 tickets good in any consecutive zones for 75 cents.

The public service commission has ordered a hearing on this schedule. On Sunday afternoon at 1 o'clock a service in commemoration of Sergeant Donald Whitney Luby will be held in St. Thomas church. An invitation to attend is given to all his friends and to all those who would pay a tribute

of respect to his memory of this devoted soldier who gave his life for country and flag.

The Greatest Drive For Funds For War Workers

The greatest drive for funds for the War Workers ever inaugurated in this country or in any country of the world, is on next week, and for the first time in the history of the country all of the agencies working for the physical, moral and spiritual welfare of the enlisted men at home and over there are united as one in their appeal to the people of the country to give them the proper support to carry on this great work.

In preparation for their great drive for \$170,000,000, of which Portsmouth's quota is \$25,000, the campaign committee of this city met on Friday evening at the Stockingham hotel and after supper talked over and listened to words of advice about the way the drive should be made and of the great necessity of it being carried through despite the peace talk.

Chairman Frank Randall presided and there were present representatives of all of the different agencies and the members of the executive committee and team captains.

The principal speaker was H. S. Smith, campaign manager for this state, and he is a sure live wire. He delivered a very good talk on the methods of the campaign and of the great need of this going across of the present time. He pointed out the fact that there was a greater need of the fund being raised with the present peace talk than before it was suggested, for if peace is declared there will be a greater call upon these war workers than ever before. He pointed out the fact that if peace is declared that in all probability the United States troops will be the last to leave France. England and France have been bled white and as soon as peace is declared they will be allowed to withdraw their forces back home to take up their work, especially France, and the United States troops, whose losses have been of course nearly normal as compared with the others, will police Europe for some time.

This will mean more idle time on the part of the men and more inclination to look for pleasure of all sorts, and if good, clean attractions are not provided as at present, they will go to the extreme and instead of holding up our remarkably high standard of cleanliness, we will allow them to go back. They will also look that great incentive that is driving them on now, and with the relaxation they will need every attention that these great welfare agencies can give them.

He said that the aim set for the great drive was the greatest in the history of the world, but there was a great need of having it greatly over-subscribed, in fact they were calling for a fifty per cent over-subscription. In practically all of the industries the slogan will be one day's pay in three months, that is a day's pay that can be subscribed in three parts, and in some places it has been set at two days' pay. He paid a high compliment to the way the different organizations had agreed upon the work and especially the interest and zeal that the clergy of the Catholic churches were showing in this great drive.

Other speakers were Secretary Halliday of the Y. M. C. A., Mr. John C. Dolan, representing the Knights of Columbus, Secretary Stoddard of the War Camp Community Service, Mr. H. Goldman, representing the Jewish Welfare League, Mr. D. P. Northwick, of the local Y. M. C. A., and Captain Lawrence of the Salvation Army, County Chairman F. M. She, also spoke.

It was agreed that there would be a big meeting held at the Portsmouth theatre on Wednesday evening when speakers of national reputation would be present from the four great organizations and there will be music, etc. A parade will be held previously.

There will be a meeting of the executive committee and the team captains on Monday evening at the Chamber of Commerce rooms.

GIVING OUT CHRISTMAS BOXES

The Christmas boxes for the soldiers in France and overseas, which are being distributed by the Red Cross, are ready for those who desire them. They are being distributed through Mrs. C. A. Hull of the Red Cross Home Service Committee, and so that those who have not already secured them may do so, she will be at her office on Saturday evening from 7 to 9 o'clock and also during the day. Some of the parents or friends who have the permission to send packages to their boys over there have been unable to get around during the day, so this evening will give them an opportunity to secure them.

The packages should all be back to the Red Cross committee by Thursday or Friday, in fact these two days both afternoon and evening will be set aside for their receipt and examination. As is known, the packages must be examined and mailed by the committee from the Red Cross and they will be at Mrs. Hull's office on Thursday and Friday, afternoon and evening.

"FORDS"

Now that new Ford Cars are scarce the next best thing to do is to have your present car put in good running order. With a little care and very small expenditures you can keep your car up to date and in good mechanical order. But when you have these things attended to be sure and insist on getting genuine Ford parts. There are many substitutes and imitations and they are all supposed to be just as good but if your car is worth spending any money on it at all, why not use a little care and see that it is repaired right by using genuine Ford parts manufactured by the Ford Motor Co. of Detroit.

We have a large supply of parts in stock ready for immediate use.

BACK TO BERLIN

By George Steele Seymour of The Vigilantes
Oh, the towns of France are tempting and the minds of France are fair, And its churches and cathedrals stocked with booty rich and rare, But the air is most unhealthy, and to linger were a sin, So I think I'll pack my little grip and beat it for Berlin.

You told us, father William, when the year was young and green, That we should die in Paris in the summer of 'eighteen, But the chance of dining anywhere fades off to vapor thin, So I think I'll round the car and motor to Berlin.

You've sold our land was mighty, that I didn't need a friend, And that one more hand against us wouldn't matter in the end, But I've seen the Yanks a-coming and I know we cannot win, So I'm off to camouflage my face and hide it in Berlin.

Our Belgian trip was splendid, and I love to hear the squeal Of babies and old women when we put them to the steel, But I fear when God comes down to judge the sort of men we've been, He'll think that hell's too good for us, and leave us in Berlin.

EDWARD H. ADAMS, Chairman.

"CHICK" EVANS IN AVIATION

Chicago, Nov. 8.—Charles Evans of Chicago, national amateur and open golf champion, today received word that he had been accepted for aviation service. He is twenty-eight years of age and had been placed in deferred classification because of dependent parents, but only recently he succeeded in adjusting his affairs so he could enter the service. During his fifty-two exhibitions throughout the country for the Red Cross he raised approximately \$250,000 to aid that organization.

UNANIMOUS AT LAST FOR UNCLE JIM

Concord, Nov. 8.—Col. James B. French of Montpelier was in the city Thursday and received the congratulations of friends over his winning the support of the late Montpelier voter who has opposed his election two and four years ago. Colonel French was unanimously elected for his 16th term in the house of representatives last Tuesday.

WELDING
What often appears to be a serious, ruinous crack or break in a cylinder, casting or piece of machinery, is but a simple piece of repair work to our Expert Welders. Our welding works wonders in repairing broken metal parts—parts that would have to be scrapped before the process was invented. Remember, our welding generally makes the broken part stronger than it ever was. Inquiries invited.

NO MORE SUNDAY WORK

Orders have been received from Washington that there is to be no more Sunday work. This is another evidence that all government plants are to get down to strict business.

This order is no doubt due to the prospects of an early cessation of the war.

CUT OUT ALL SUNDAY WORK AT NAVY YARD

No Overtime in Excess of 60 Hours to Be Allowed.

A notice from the department received on Friday morning says that workmen and some of the clerks at the navy yard will hereafter discontinue all Sunday work. No overtime work in the excess of 60 hours per week will be allowed.

Ever since the war started overtime and double overtime has been received by some of the workmen, and in a number of offices the employees have been very fortunate in this respect. During the early stages Asst. Sec. Roosevelt had to call a halt on the payment of overtime by issuing a special notice cutting down the overtime and commenting on the fact when a man at Charleston had been

paid \$102 for a week's work it was doing considerable damage to a man's health and efficiency if he worked that length of overtime to secure such an amount of money.

It is only within a few days that the wages at the yard have been increased and they now equal those paid by private shipyards or munition factories.

RED MEN'S NOTICE.

The regular meeting of the Musasol Tribe of Red Men will be held Monday evening, Nov. 11, at 8 o'clock, at Pythian hall. All adjoining Red Men at the shipyards and navy yard are cordially invited.

J. FORD HARRISON, Chief of Records.

NOTICE.

Attention Storer Post, No. 1. Comrades: You are cordially invited to attend the dedication of a Service Flag at the North Church on Sunday, Nov. 10, at 10.30 a. m.

Post members will assemble in the church vestibule 10.15 in uniform.

NEW BOARD OF REGISTRARS IS ORGANIZED

McCabe of Ward Three Chairman and Timmons of Ward One Clerk.

The newly elected board of registrars were sworn in by City Clerk Lewis Soule on Friday evening and organized as follows:

James J. McCabe of ward three, chairman, Harry J. Timmons Jr., of ward 1, clerk.

The vote for McCabe was unanimous he having the vote of the five democrats and three republicans.

On the vote for clerk, the republican members, Hayson and Taylor, ward 2, and Downs of ward four, voted for Harrison.

The board will start at once preparing the checklists of the several wards for the city election on Dec. 10.

CORPORAL LACEY CITED FOR BRAVERY

Corporal Neil E. Lacey of the 101st Field Artillery has been cited for bravery in action by Major General Edwards. Corporal Lacey is the son of Mrs. Mary Lacey of No. 16 Hawwood street, Dorchester.

Corporal Lacey was a member of Higbee Childwick Donovan, another Dorchester boy who has won similar honors. They both went overseas early in September, 1917. Corporal Lacey has been injured and has spent much time in a hospital since going to France. He is a cousin of Chief Yeoman E. C. Malley, U. S. N., of this city.

PUTTING IN NEW LIGHTS AT DEPOT

Several large electric lights are being placed in the Boston & Maine yard west of the depot and along the tracks in front of the station. Nothing in the way of improvement was more needed especially near the inward tracks where passengers complained of the darkness at night and found

some difficulty in getting on and off the trains owing to the fact that the lights under the awnings do not throw the light on the outside track.

RECOUNT IN WARD FIVE ORDERED

The first petition for an inspection of the ballots cast in the election last Tuesday was filed at the office of Secretary of State Edwin C. Dean by John W. Smart, Republican, of Portsmouth, who was defeated on the face of the returns for registrar of voters in ward 5 by Frank T. Cox, democrat. Secretary Dean has fixed Nov. 25 as the date of the recount.

CURATE GIVEN FINE PURSE

There was a reception to Rev. John Moran, curate at the Church of the Immaculate Conception, held at the Parochial school hall on Friday evening, which was largely attended by the members of the parish. Father Moran has been appointed pastor elsewhere and he leaves today to take up his new duties.

One of the features of the reception was the presentation of a purse of over \$700, the gift of the members of the parish to Fr. Moran. The presentation speech being made by Rev. Fr. Sullivan, the rector, in a short speech in which he wished him in behalf of the parish Godspeed in his new work. Fr. Moran feelingly responded to the generous gift and said that he hoped that through life that he would have the pleasure of living and administering to such generous people as of Portsmouth.

Previous to the presentation one hundred children from the St. Patrick's school rendered a fine concert program which those present heartily enjoyed.

IT PUTS THE "PEP"

Into Peptiron—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Peptiron of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness and the exhausting worry and anxiety over the world war.

It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls, and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.
